MEADVILLE, Pa. ([PRWEB](#)) October 14, 2022 -- “Hope After Hurt: From Heartache to Healing”: an emotionally charged and honest look at the challenges that can affect the marital bond. “Hope After Hurt: From Heartache to Healing” is the creation of published authors Roxanne & Rob Maroney.

“For the past fifteen years, Rob and Roxanne Maroney have been helping couples rebuild relationships threatened by lack of intimacy, lost connection, damaged love styles, and broken trust. As a trained counselor and life coach, Roxanne works with women and couples to help heal and repair broken relationships. Rob spent twenty-five years in the corporate world with major international companies and now works with a nonprofit counseling and teaching ministry. Rob works with men recovering from sexual integrity issues.

“They both have educational backgrounds in psychology, biblical counseling, and Christian life coaching. They are certified in Gottman Therapist Training and are SYMBIS (Saving Your Marriage Before It Starts) facilitators.

“Rob and Roxanne live in Orange County, California, and have been married for over four decades. They have three grown children and thirteen grandchildren. From their own experience of repair and recovery, Rob and Roxanne share openly and candidly what they learned about building a marriage to last.

The Maroneys share, “Is your marriage a mess? Are you disconnected, struggling, or stuck even after counseling? Or are things between you and your mate too tidy or perfect but you’re wondering what happened to the adventure, the passion, and those feelings of your first dates?”

“If distance, distrust, and despair define your marriage and you just hurt too much to see any hope, read Hope after Hurt before you do anything else.

“Roxanne and Rob Maroney have seen it all after leading intensive four-day marriage workshops every month for nearly ten years, teaching, coaching, and counseling couples looking for hope before giving up on their marriages.

“But that’s only a small part of their story. In Hope after Hurt, Roxanne and Rob reveal not only how their marriage was rescued from becoming another casualty in the rising divorce rate but how they were set on the path to create something entirely new. They offer a transparent telling of how their early histories unknowingly haunted their marriage and their choices and how they dramatically changed their destructive path.

“They open up about secrecy, lies, broken trust, loss of connection, and damaged intimacy. This is not just a story of two flawed people and their need for repair but also an honest account of more than forty years of healing using practical tools for greater connection and intimacy in marriage. Hope after Hurt offers hurting

couples real-life examples and a roadmap to healthier relationships.”

Published by Christian Faith Publishing, Roxanne & Rob Maroney’s new book will resonate with many as the Maroneys share a bold and honest discussion of their personal struggles and ultimate healing.

With an encouraging and sincere message, readers will find helpful guidance on how to work together to overcome challenges that could, if ignored, lead to divorce.
